Introduction of the Stage 2 Relaunch

Darts Alberta recognizes many individuals are eager to return to practicing and competing in darts, while others are feeling anxious about the reopening of activities during the Stage 2 relaunch.

It is important to know that the government will be monitoring indicators such as the hospitalizations or ICU admissions due to COVID-19, percentage of ICU beds available, active cases per population and new cases while also monitoring the risks of different activities during Stage 2. This will help inform the government which activities can be safely enhanced for Albertans to participate. There will not be a return to our previous way of life until there is a vaccine or a highly effective/curative form of treatment. In the absence of those items there will continue to be a form of restrictions. Stage 3 timing will depend on how successful we are as Albertans on maintaining low levels of spread in Stage 2.

Darts Alberta cannot emphasize enough the importance of being responsible and doing everything possible to limit the spread.

Organizational Requirements

Under current Chief Medical Officer of Health Orders, businesses and entities are required to:

- Implement practices to minimize the risk of transmission of infection among attendees
- Provide procedures for rapid response if an attendee develops symptoms of illness
- Ensure that attendees maintain high levels of sanitation and personal hygiene
- Comply, to the extent possible, with the COVID-19 General Relaunch Guidance (<https://www.alberta.ca/assets/documents/covid-19-general-relaunch-guidance.pdf>), the Return to Sport, Physical Activity and Recreation – Stage 2 (<https://www.alberta.ca/assets/documents/covid-19-relaunch-sports-physical-activity-and-recreation.pdf>), and any other applicable Alberta Health guidance found at: <https://www.alberta.ca/biz-connect.aspx>

This guidance document has been compiled from a variety of resources. Darts Alberta cannot emphasize strongly enough that there is no guarantee that someone participating in darts will not contract COVID-19. The purpose of the development of these protocols is to:

- Find a balance between the desire for more social interactions through cohorts (or mini dart club cohorts) and minimizing the risk of transmission of COVID-19 among attendees, including players, volunteers, leaders and the general public
- Ensure that measures are in place to limit the spread, and
- Have processes in place to easily trace and control an outbreak

This information should not be construed as legal advice on any subject matter.

Because physical distancing may not always be possible when competing in darts, **absolutely no open dart jitneys or open dart tournaments are allowed in Stage 2**. Measures must be in place to be able to limit the spread and to control an outbreak. This is not possible with open, uncontrolled participation.

COVID-19 droplet transmission is much more likely when individuals are in close contact. Further, the likelihood of transmission between individuals participating in sport, physical activity and recreation in an indoor setting is significantly higher. While transmission is less likely in an outdoor setting, where air flow is greater and there is more space for individuals to keep physically distanced, this is not feasible for the sport of darts.

COVID-19 can also be transmitted if someone touches a contaminated surface and then touches their face without washing their hands. Many activities in sport involve shared equipment among participants, coaches/staff, instructors, officials or volunteers (for example, shared baseballs, basketballs, volleyballs). The virus does not enter the body through skin; it enters through the eyes, nose or mouth when an individual touches their face. This is why regular hand hygiene and cleaning of high-touch surfaces are so important.

Dart participants are fortunate that shared equipment can be reduced to the utmost minimum. However, since most dartboard set-ups are located within public bars and restaurants, or member-only service clubs and community leagues where space can be limited, it can be challenging to maintain social distancing with other players while competing in darts. Although it is acceptable for cohort members to encroach on the 2 metre physical distancing, it is expected that participants should be attempting to physically distance as much as possible.

Alberta Health continues to assess the epidemiology of COVID-19 in Alberta, published scientific literature on the risks of physical activity and recreation, and safety precautions from other jurisdictions that support return to sport, physical activity and recreation. As such, guidance may be updated as necessary to reflect science and best practices, as new information becomes available.

Darts Alberta encourages its members to monitor publicly available information and to always follow federal, provincial and local health organization guidance and government mandates.

Current information related to COVID-19 can be found at <https://www.alberta.ca/covid-19information.aspx>.

What is a family cohort?

This is your network of family within a household and another household. During Stage 2, a household can increase its close interactions with other households to a maximum of 15 people.

What is a mini dart club cohort?

Generally, a sport/performer cohort is a group of the same 50 individuals that participate in the same sport, activity or performing arts group and these same 50 people are expected to remain together as a group for the duration of Stage 2.

In accordance with the Return to Sport, Physical Activity and Recreation – Stage 2, a mini dart club cohort can be formed with no more than 50 of the same registered individuals, including players, leaders, coaches and volunteers, but only if the protocols included in this guidance document are followed. More information on how to form a mini dart club cohort, including the necessary requirements and control measures, is detailed within this guidance document.

There is no guarantee that a participant will not get COVID-19 from within their mini dart club cohort. The purpose of these guidelines and the maximum 50 mini dart club cohort members is to reduce the spread to a larger group and to easily trace and control an outbreak.

Choosing a cohort

Whether it is your family cohort, or you are considering joining a mini dart club cohort, each household or individual must take all risks into consideration and determine what risk level they feel comfortable with. Some risk factors that should be considered are whether you or anyone else in your household:

- is over the age of 60
- is immune compromised
- has an existing medical condition that makes them more vulnerable should they become infected with COVID-19, or
- works in an industry that could create a catastrophic outbreak if they became infected and are asymptomatic

General protocols and basic safety requirements for a mini dart club cohort

It is recognized that most adult leagues and youth clubs have ended for the season. The following protocols are to provide the opportunity to return to practice, play and competition. Darts Alberta is available to offer resources to assist in getting a mini dart club cohort set up in accordance with these protocols.

Because it is challenging to always maintain physical distancing while practicing, playing or competing in the sport of darts, all organized dart practice, play and competition must comply with the following basis safety requirements and organizational guidelines set forth in this document.

Oversight	<p>The practice, play, or competition must be overseen by a responsible person or persons over the age of 18 who must ensure public health guidelines are adhered to.</p> <ul style="list-style-type: none"> ▪ It is recommended that a small group of leaders be selected for each mini dart club cohort to ensure consistency if one leader cannot be in attendance ▪ One of these leaders must be designated as the COVID-19 Single Point of Contact (SPC) for all matters relating to COVID-19 ▪ The leader(s) of the mini dart club cohort is the same as a Tournament Director, whose rulings and decisions are final and binding, including the authority to isolate an individual that begins to show COVID-19, as per CMOH Order 05-2020 and to suspend or temporarily cancel the event ▪ The leader(s) should have prior experience running dart leagues, youth dart clubs or dart tournaments with coaching/officiating accreditation
Social Distancing within Cohort	<p>Whenever possible (even in cohorts), participants should be attempting to physically distance and remain 2 metres away from other participants. Although within cohorts, it is acceptable for cohort members to encroach on the 2 metres, members should attempt to stay as distant as possible.</p>
Social Distancing Outside of Cohort	<p>All members in a cohort must:</p> <ul style="list-style-type: none"> ▪ be completely committed to practicing physical distancing from people outside their family and mini dart club cohort, including all patrons within the competition facility ▪ be healthy and not show any COVID-19 symptoms (see the full symptom list) ▪ not have underlying medical conditions ▪ not be at high risk (for example, seniors) ▪ not have participated in any other mini dart club cohort, any other sport or performing arts cohort, or competed in any open competition of any sort in the last 14 days ▪ not have travelled outside Canada in the last 14 days
Hygiene	<p>Mini Dart Club Cohort Leaders must communicate appropriate hygiene measures for the activity in advance to all participants and ensure participant compliance with all hygiene measures including:</p> <ul style="list-style-type: none"> ▪ no sharing of personal equipment ▪ no handshakes, hugs, high fives, fist bumps, elbow bumps, etc. ▪ encouraging frequent handwashing or use of hand sanitizer
First Aid	<p>Mini Dart Club Cohort Leaders should ensure that personal protective equipment is immediately available IF first aid treatment is required. It is recommended that a family member attend to an injured player. If that is not possible, an attending person should wear medical gloves and a mask when 2 metre distancing cannot be maintained.</p>

Organizational guidelines

Participant Registration	<p>Throughout Stage 2, all participants within a mini dart club cohort must be registered in advance with that cohort. This will allow for closed jitney-type competition to be held, but only amongst the registered participants within the mini dart club cohort.</p> <ul style="list-style-type: none"> ▪ A maximum of 50 individuals are permitted within a mini dart club cohort, including the participants, leaders, coaches and volunteers
---------------------------------	--

	<ul style="list-style-type: none"> ▪ Mini dart club cohort leader contact information will be available on the Darts Alberta website for the purposes of registration ▪ An individual can only be registered to one mini dart club cohort ▪ An individual cannot participate in a mini dart club cohort if he or she is already a part of any other sport cohort or performing arts cohort ▪ Once registered with a mini dart club cohort, an individual is not permitted to move to a different mini dart club cohort until they have not participated in the previous mini dart club cohort for 14 days and only if the new mini dart club cohort has not reached its maximum capacity ▪ Drop-in participation is not permitted ▪ To minimize the exchange of cash, it is strongly recommended that registration be available electronically through electronic fund transfers and a tracking system be established for earned awards that can be paid out electronically after a period of time (e.g. every 4 weeks), rather than cash being awarded each night
Mini Dart Club Cohort Registration	<p>All mini dart club cohorts and each of their members (including the participants, leaders, coaches and volunteers) are strongly encouraged to register with Darts Alberta.</p> <ul style="list-style-type: none"> ▪ The purpose of this registration is assist leaders with ensuring no person is registered within two mini dart club cohorts and to have limited contact information on file should an outbreak occur
Darts Alberta Affiliate Membership	<p>Each registered mini dart club cohort member will automatically be provided a free Darts Alberta Affiliate Membership, if not already a member, and this membership will be valid from the time of registration until September 30, 2020. If Stage 2 continues beyond September 30, 2020, this may be extended.</p>
Mini Dart Club Cohort Facility	<p>A mini dart club cohort must be registered to one specific facility and practice, play and competition is limited to that facility.</p> <ul style="list-style-type: none"> ▪ The purpose of this to minimize cross contamination between facilities and their staff and other patrons ▪ Since most dartboard set-ups are located within public bars, restaurants, service clubs and community leagues, permission needs to be granted by the owner or designated representative prior to choosing a facility ▪ Consider the facility space to determine whether each practice, play or competition should be limited to less than the 50 person maximum
Practice/Play Area	<p>Prior to choosing a facility, consideration should be given to space available in the designated playing area and the ability to section off this area to other patrons.</p> <ul style="list-style-type: none"> ▪ The playing area should be sectioned off during practice, play or competition ▪ Signage must be placed around the playing area to advise other patrons that individuals who are not members of the mini dart club cohort are not permitted in the area during designated times
Scheduling and Event Management	<p>To allow individual patrons to use the playing area while following all COVID-19 Guidance for Restaurants, Cafes, Pubs, and Bars, including the need for social distancing when not in use by the mini dart club cohort, all organized play and competitions for a mini dart club cohort must be scheduled and the schedule posted in the facility.</p> <ul style="list-style-type: none"> ▪ A mini dart club cohort's competition schedule can include multiple days of the weeks and different games of competition (e.g. Tactics, 501, singles, draw doubles, league format, etc.) provided that each scheduled event includes only the registered members within that cohort

	<ul style="list-style-type: none"> ▪ Each mini dart club cohort should consider contacting the leagues in their area to find out whether a modified league program could be organized for your members
Equipment	<p>With the exception of the dartboard, mini dart club cohort members should do everything possible to minimize the sharing of equipment.</p> <ul style="list-style-type: none"> ▪ All chalk and brushes are to be removed from the playing area until further notice ▪ Each participant should arrive with all of your own supplies, including darts, extra flights, extra shafts, chalker, chalk, and chalk brush (mark your name on it) or your own personal cloth to erase the board ▪ Wherever possible, share extra supplies only with someone within from your personal family cohort ▪ Each player is to remove their own dart when bulling up ▪ Each player must mark their own scores without the use of a scorekeeper ▪ Each competitor should minimize contact with the dartboard ▪ Should a dart board need to be straight or rotated, the person doing so should wash their hands or use hand sanitizer prior to touching the dart board and after touching the dart board ▪ The playing area must be sanitized before and after use
Participation and Compliance Agreement	<p>All participants (or parents/guardians if under 18 years of age) must sign a Participation and Compliance Agreement prior to joining a mini dart club cohort and be made aware and acknowledge that although exposure to COVID-19 is unlikely, it is possible, and participants are participating voluntarily in dart activities with a foreknowledge of the risks</p> <ul style="list-style-type: none"> ▪ Refusal to sign the agreement will result in an individual not being accepted as a member into the mini dart club cohort
Health Screening	<p>Every member must complete a screening questionnaire before participating each day and will not be allowed to participate if they answer yes to any of the questions.</p> <ul style="list-style-type: none"> ▪ To minimize the exchange of paper, each member is encouraged to complete their questionnaire at home and provide it electronically to the leader prior practicing (e.g. texting or messaging a picture from your phone, scanning and emailing prior to leaving home) or the leader should take a picture of the completed questionnaire and have the participant be responsible for disposing the questionnaire ▪ Should an individual be found to have falsified the screening questionnaire, the individual will be excluded from that mini dart club cohort and any other mini dart club cohort throughout the remainder of Stage 2 ▪ All individuals are encouraged to be tested before joining a mini dart club cohort ▪ Alberta Health Services encourages all Albertans to voluntarily download the ABTraceTogether mobile app to help identify and isolate positive COVID-19 cases. More information is available at https://www.alberta.ca/ab-trace-together.aspx
Leader Accountability	<p>All mini dart club cohort leaders are accountable to ensure the following:</p> <ul style="list-style-type: none"> ▪ All Organizational Guidelines in this document are followed ▪ Be aware of any other requirements that may be specific to the playing venue and ensure they are also followed ▪ Keep the Participation and Compliance Agreements on file for all members (see appendices)

	<ul style="list-style-type: none"> ▪ Only register up to a maximum of 50 members (including participants, leaders, coaches and volunteers) that have agreed to remain together for the duration of Stage 2 ▪ Register all mini dart club cohort members with Darts Alberta (see appendices), if choosing to do so ▪ Retain a log of when each participant competes (see appendices) ▪ Keep all screening questionnaires on file for a minimum of 28 days and provide to Darts Alberta and/or the government, if requested, due to an infection or outbreak (see appendices) ▪ Consult with facility management prior to allowing anyone to enter the playing area to ensure the playing area has been appropriately sanitized ▪ Communicate appropriate hygiene measures for the activity in advance to all participants ▪ Ensure participant compliance with all hygiene measures no sharing of personal equipment, no handshakes, hugs, high fives, fist bumps, elbow bumps, etc. and encouraging frequent handwashing or use of hand sanitizer ▪ Not allow any individual to participate that is not a member of their mini dart club cohort ▪ Not allow a member to participate if they answer “yes” to any question on their screening questionnaire ▪ Not allow anyone to participate in they are showing signs of any COVID-19 symptoms ▪ Send anyone home if they begin to show any COVID-19 symptoms while participating and recommend to them to seek medical advice ▪ Use the Rapid Response Plan to create a plan specific to their mini dart club cohort and ensure that all members are aware of the Rapid Response Plan ▪ Monitor frequent absenteeism to find out whether this is simply due to a lack of availability or interest, or whether illness could be a factor
<p>Participation</p>	<ul style="list-style-type: none"> ▪ Vulnerable persons, such as older adults, individuals with underlying medical conditions, and/or are at risk due a compromised immune system should NOT participate ▪ Although dart players may not always be able to maintain physical distancing with other dart players, physical distancing with all other patrons and individuals within a facility must still be maintained ▪ Because darts is a precision sport rather than a high impact aerobic sport, the use of masks while competing is strongly encouraged ▪ Participants are expected to practice good hygiene including frequently washing their hands or using hand sanitizer throughout play, cough or sneeze into a tissue or your elbow, and avoid touching your face with unwashed hands ▪ Participants are asked to stay home if they are experiencing any COVID-19 symptoms (see daily screening checklist) ▪ Participants are discouraged from using any strong scents or perfumes to prevent causing others to sneeze and cough ▪ Although some facilities may have hand sanitizer available, participants are encouraged to bring their own hand sanitizer containing at least 60% alcohol ▪ In the case of youth dart club cohorts, participation must be limited to players between from 10 and 18 years old, as participants must be able to understand and adhere to the distancing measures and recommendations issued by Alberta Health Services

Competition Travel	During Stage 2 of the Relaunch, activities need to be restricted to local community opportunities. Participants should not seek sport, physical activity and recreation opportunities in other regions, or out of province.
Spectators	Spectators are discouraged, unless they are already a member of the mini dart cohort club and simply choosing not to participate in a scheduled competition. Cross-jurisdictional, or inter-regional, play should not occur at this stage.
Parents/Guardians and Carpooling	In the case of youth clubs, parents or guardians must drop off and pick-up their child at the established entrances and exits <ul style="list-style-type: none"> ▪ For safety reasons, parents may be asked to remain nearby in vehicles and/or designated areas ▪ Contact Tracing information must be maintained for attending parent/guardians as well as participants ▪ Participants should only carpool with individuals from their household or cohort family
Food and Beverages	Participants are encouraged to support their mini dart club cohort facility. However, if you wish to enjoy a meal prior to the start of play, you are expected to arrive well before any darts activity begins and maintain all physical distance and seating requirements established for restaurants, cafes, pubs and bars. <ul style="list-style-type: none"> ▪ As emphasized by government health recommendations, no one outside of a family cohort should share food and therefore, there should be no food allowed within the playing area during competition ▪ Participants are strongly encouraged to use an identifier on their beverage if it is located within the playing area
Personal Protective Equipment	As mini dart club cohort members are all volunteers or participants, each are expected to provide their own personal protective items (e.g. face mask, gloves, hand sanitizer, etc.).
Contact Tracing	Contact tracing logs for all participants and parents/guardians dropping off players must be completed for every training activity or competition and be available to be accessed quickly to ensure efficient contact tracing. Records must be maintained by the mini dart club cohort leader(s) for a minimum of 28 days.
Response Plan	Each mini dart club cohort must have a Rapid Response Plan to quickly react when issues are identified through screening and self-reporting of symptomatic participants. All mini dart club cohort leaders are responsible for ensuring that all members are aware of the plan. The plan must include the following: <ul style="list-style-type: none"> ▪ A designated COVID-19 Single Point of Contact (SPC) ▪ A communication system to report to the SPC when a member experiences symptoms, has a positive COVID-19 test result or is exposed to someone with COVID-19 in the last 14 days ▪ Participation criteria ▪ How a member will be isolated and transported if they become sick or show COVID-19 symptoms during playing, practice or competition ▪ A process for the SPC to report to the health officials and close contacts <p>The mini dart club cohort leaders will need to work with the owner/manager of the facility to ensure that all areas are immediately closed off, cleaned and disinfected when it is learned that an ill member has been in the playing area. A Rapid Response Plan template is included in the appendices.</p>

Appendix A: Screening checklist

Member Name: _____

Phone: _____

Name of Mini Dart Club Cohort: _____

Location of Mini Dart Club Cohort: _____

If you answer YES to any of the questions, you must not participate in your mini dart club cohort. Parents of children or youth will need to assist with completing this checklist.

1.	Do you have any of the following symptoms:	CIRCLE ONE	
		YES	NO
	▪ Fever	YES	NO
	▪ Cough	YES	NO
	▪ Shortness of Breath / Difficulty Breathing	YES	NO
	▪ Sore throat	YES	NO
	▪ Chills	YES	NO
	▪ Painful swallowing	YES	NO
	▪ Runny Nose / Nasal Congestion	YES	NO
	▪ Feeling unwell / Fatigued	YES	NO
	▪ Nausea / Vomiting / Diarrhea	YES	NO
	▪ Unexplained loss of appetite	YES	NO
	▪ Loss of sense of taste or smell	YES	NO
	▪ Unexplained muscle or joint aches	YES	NO
	▪ Headache	YES	NO
	▪ Conjunctivitis (commonly known as pink eye)	YES	NO
2.	Have you/your child travelled outside of Canada in the last 14 days?	YES	NO
3.	Have you/your child had close unprotected* contact (face-to-face contact within 2 meters/6 feet) with someone who has travelled outside of Canada in the last 14 days and who is ill**?	YES	NO
4.	Have you/your child attending the program or activity had close unprotected* contact (face-to-face contact within 2 meters/6 feet) in the last 14 days with someone who is ill**?	YES	NO
5.	Have you/your child or anyone in your household been in close unprotected* contact in the last 14 days with someone who is being investigated or confirmed to be a case of COVID-19?	YES	NO

* "unprotected" means close contact without appropriate personal protective equipment

** "ill" means someone with COVID-19 symptoms on the list above.

Member or Parent/Guardian Signature, if under 18: _____

Date: _____

Approximate time of participation: _____ to _____

Individual Name: _____

Email: _____

Phone: _____

Emergency Contact: _____

Emergency Contact Phone: _____

Darts Alberta and the leaders of the [*insert name of Mini Dart Club Cohort*] require the disclosure of exposure to illness in order to safeguard the health and safety of all participants and limit the further outbreak of COVID-19. This Participation and Compliance Agreement will be kept safely, and personal information will not be disclosed unless as required by law or with your consent.

An individual who is unable to agree to the terms outlined in this agreement is not permitted to be a member or participate in the activities of the above-named cohort.

I, the undersigned being the individual named above, understand that the novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization and COVID-19 is extremely contagious. I recognize that preventative measures have been put in place to reduce the spread of COVID-19 and I agree to adhere to the terms outlined in the agreement.

1. I have not been diagnosed with COVID-19 more than 14 days prior to the date this Participation and Compliance Agreement was signed.
2. I agree to provide a completed daily screening checklist prior to each time I participate and recognize that if I answer yes to any of the questions, I will not be allowed to participate without first self-isolating for 14 days.
3. I agree to self-report to the COVID-19 Single Point of Contact for the above-named mini dart club cohort between practice, play or competition if I have symptoms of COVID-19, if I have tested positive for COVID-19 within the last 14 days, or if I am exposed to someone with COVID-19 within the last 14 days.
4. I agree to participate exclusively with the above-named mini dart club cohort and will not participate in any other sport or performing arts cohort throughout Stage 2.
5. I am participating voluntarily and understand the risks associated with COVID-19 and I agree to assume those risks, including but not limited to exposure and being infected.
6. I agree to follow the COVID-19 Safe Return to Darts protocols set out by Darts Alberta, including but not limited to, practicing physical distancing where possible, adhering to recognized hygiene best practices, and otherwise limit my exposure to COVID-19.
7. I understand that this document will remain in effect throughout my participation with the above-named mini dart club cohort.
8. I understand that the leaders of the above named mini dart club cohort, in its sole discretion, may remove me from the facility or from participation in the activities, programs or at any time and for any reason if I am no longer in compliance with this agreement.
9. As a member of the above-named mini dart club cohort, I understand that I become an affiliate member of Darts Alberta and am subject to all Darts Alberta rules, policies and protocols.

I acknowledge that I have read this agreement and understand it, that I have executed this agreement voluntarily, and that this agreement is to be binding upon myself, my heirs, spouse, children, parents, guardians, next of kin, executors, administrators and legal or personal representatives. I further acknowledge by signing this agreement I have waived my right to maintain a lawsuit against Darts Alberta or the above-named mini dart club cohort.

Appendix E: Sample Tracing Log

All players, leaders, coaches, volunteers and parents/guardians who drop off their children must be included in this log. The log can be electronic or completed onsite by the mini dart club cohort leader(s).

The information collected on this document is being collected to assist in the management of the COVID-19 pandemic. The mini dart club cohort leader(s) agree to ensure the information will be kept in a safe and secure location and will be provided to Alberta Health Services on request if it is required for contact tracing purposes. Darts Alberta and the leaders of the mini dart club cohort will not use this information for any other purpose and all records older than 28 days will be destroyed.

If wishing to use a daily log:

Date	Member/Guardian	Phone	Time in	Time out
July 1, 2020	John Smith (parent)	780-555-1010	2 pm	Dropping off
July 1, 2020	Cody Smith	780-555-1010	2 pm	4:15 pm

If wishing to use a monthly log:

Appendix F: Darts Alberta Registration

All players, leaders, coaches and volunteers of all mini dart club cohorts are strongly encouraged to register their mini dart club cohort and its members with Darts Alberta. If registering with Darts Alberta, all members will automatically become a member of Darts Alberta until September 30, 2020 at no charge. Darts Alberta needs to be updated in a timely manner of any new players, leaders, coaches and volunteers or anyone removing themselves from the cohort.

The purpose of providing this information is to ensure that any individual is not a member of more than one mini dart club cohort at the same time and to have information on file if required for contact tracing purposes.

The following information is required:

Name of Mini Dart Club Cohort: _____

Location of Mini Dart Club Cohort: _____

Mini Dart Club Cohort Leader(s): _____ Single Point of Contact

List all days/times of weekly play/competition: _____

First Name	Last Name	City	Phone	Email	Gender

Appendix G: Rapid Response Plan Template

[Download rapid response plan template](#)

COVID-19 Rapid Response Plan for [*insert name of Mini Dart Club Cohort*]

Introduction

Darts Alberta requires every mini dart club cohort to establish a Rapid Response Plan in case any mini dart club cohort member becomes ill during practice, play or competition, has tested positive for COVID-19 in the last 14 days or been in close contact with someone that has tested positive for COVID-19 in the last 14 days.

Designated COVID-19 Single Point of Contact (SPC)

Darts Alberta requires every mini dart club cohort to designate one of their mini dart club cohort leaders as the single point of contact to be responsible for responding to ALL COVID-19 concerns.

The SPC of the [*insert name of Mini Dart Club Cohort*] is:

- [SPC Name]
- [SPC Cell Phone]
- [CPC Email]

Communication System

All members of the [*insert name of Mini Dart Club Cohort*] are required to complete and submit a Screening Checklist before each practice, play or competition. In between practice, play or competition, any member (including leaders, volunteers and players) must self report to the SPC if they:

- a) Have symptoms of COVID-19, or
- b) Test positive test for COVID-19 within the last 14 days, or
- c) Were exposed to someone with COVID-19 within the last 14 days

Participation Criteria

Any member (including participants, leaders, coaches and volunteers) needs to stay home if they are not feeling well and should not return until they are well enough based on Alberta Health guidelines.

Isolating and/or Transporting Those Who are Sick at Club Activities

Any member (including participants, leaders, coaches and volunteers) that begins to display COVID-19 symptoms (e.g. fever, cough, shortness of breath) at any club activity will be immediately separated and isolated. Depending on how severe the symptoms, the individual who is sick should go home or to a healthcare facility, contact their Family Physician, and follow Alberta Health guidance for caring for oneself and others who are sick. Individuals who have had close contact with a person who has symptoms will be separated and sent home as well to monitor for symptoms and act accordingly if symptoms develop.

The leader in charge of the practice, play or competition will be responsible to ensure safe transportation of the sick person to their home or to a healthcare facility by contacting the member's emergency contact and keeping the sick person within a safe, socially distanced but easily accessible waiting area. If the emergency contact cannot be reached, the leader in charge will make alternative arrangements for safe transport. If an ambulance is needed, the leader in charge will alert the 911 operator that the person may have COVID-19. Public transportation must be avoided. The leader in charge must advise the SPC of the situation, if the SPC is not in attendance.

Clean and Disinfect Areas

The leader in charge will be responsible for working with the facility's owner/manager to close off the areas used by a sick person and not allow anyone in these areas until after cleaning and disinfecting them. All participants will be required to wash their hands prior to entering the newly disinfected area.

Notify Local Health Officials and Close Contacts

The SPC will immediately contact Health Link (811), the Darts Alberta Administrator (administrator@dartsalberta.com), the facility's owner/manager, all mini dart club cohort leaders, volunteers and participants of any case of COVID-19 while maintaining the appropriate level of confidentiality. The SPC will ensuring that participation logs and contact information will be provided to Alberta Health for Contact Tracing purposes.

The SPC will report weekly to Darts Alberta to advise of any cases of COVID-19, any suspected cases, when a participant, leader, coach or volunteer has not been allowed to participate or that there are no suspected cases or concerns.
